American Global Earns Fifth Consecutive 'Best Places to Work' Award from Business Insurance

Employee engagement and satisfaction remain high as American Global's unprecedented growth continues, illustrating their commitment to maintaining a true 'team' culture.

Jericho, NY – American Global is proud to announce that for a fifth consecutive year, they have earned the honor of being named a 'Best Places to Work' by Business Insurance Magazine for 2024.

Since its inception more than a decade ago, American Global has committed to building a brokerage dedicated to excellence and innovation. Their methodical approach to growth would rely upon the extraordinary talents of their diverse pool of experts, and the secret to success would be a collective commitment to collaboration and embracing a true 'team' mentality. That cohesive culture has evolved into an environment where colleagues are encouraged and empowered to succeed both on a personal and professional level.

American Global regularly monitors feedback from colleagues to keep abreast of programs and benefits that are important to their team's well-being. Torre Taylor Dos Santos, Director of Talent & Culture says "*American Global understands that employee satisfaction and retention is based heavily on the culture we create, in addition to the incentives and benefits we offer, as well as opportunities we provide for career growth.*" Although many firms that experience such rapid growth have trouble maintaining that enthusiasm and the ability to be nimble, Torre noted, "*At the heart of American Global is a dynamic core of colleagues. Their dedication to excellence and ability to evolve rapidly for the betterment of our team and our clients, fosters an environment where others strive to emulate their success. Working collaboratively for the greater good keeps everyone engaged and provides ongoing inspiration for new team members.*"

Winners of this award are determined by the results of a two-part assessment process that includes an employer questionnaire focused on company practices, policies and demographics in addition to a confidential employee survey that gauges their level of satisfaction and engagement. The process is managed by Best Companies Group on behalf of Business Insurance, with three divisions for small (25-249 employees), medium (250-999 employees) and large companies (1,000+ employees).

Profiles of winning companies, as well as final numbered rankings are announced in the November issue of Business Insurance and online at BusinessInsurance.com.
